

Davidson Farms Resident:

Enclosed is the key fob that has been assigned to your household. This fob is specific to your home address and the HOA's system is set up to track residents as they access the pool and clubhouse. Please remember that access to the clubhouse for individual residents will only be granted under a rental agreement for personal use. The clubhouse will remain locked at all times other than for community sponsored events.

Please keep your key fob in a secure location. Replacements can be obtained through the HOA for \$50, however, only one fob will be issued per household. We will turn off access to the lost fob to prevent security issues.

Also, please note that the pool, clubhouse and surrounding areas are monitored by the HOA's camera security system 24 hours a day. This will not always prevent issues from occurring but it does help with creating a history of events and is monitored as needed.

Looking forward to another exciting year at Davidson Farms!

Sincerely,

DF HOA Board
